

Collingwood H5 500 Colour Switchable Fire Rated LED Downlight IP65

Product Code: DL507***
Stock Qty:

Product Description

The Halers H5 500 LED downlight from Collingwood Lighting that is now available with a colour temperature switching. Featuring 3 colour temperatures in 1 that include 2700K, 3000K and 4000K.

The internal LED light source is adjustable up to 20 degrees which allows you to redirect the angle of light, ideal for illuminating specific areas or features within a room. Or it can be left in a central position to emit light directly downwards. Its also fire rated and I-Joist approved. Manufactured to the same high standards as the market leading H2 Pro series, the H5 500 has been designed to produce low glare. It is straight to mains with it's dimmable built in driver. The H5 500 also meets part B, C, E, L & P building regulations.
